Date of event: October 9, 2007.
Place: House of Culture
Number of local knowledge procurers: 30 people
Number of volunteer helpers: 5 people (Magyar Telekom employees)

Opinions about the event:

„I am so happy at this initiative, and that you show the services available through the Internet even to those who have not heard about it at all and have never tried it. We find everything we want to know through the Internet in no time!”

„We have Internet and I like it. I usually use it for search. It also helps a lot in learning.” Nóra

Törökkoppány

Number of inhabitants: 488
Employment: agriculture, industry
Date of event: October 12, 2007.
Place: District Notary Office
Number of local knowledge procurers: 8 people
Number of volunteer helpers: 2 people (Magyar Telekom employees)

Opinions about the event:

„I would like to be on the net more, but we do not have it at home, it is available only at school.” K.K.

„I am happy about this opportunity. At long last one can be on the net very quickly even in a village. I usually use the net at the TeleHouse, but now we shall probably buy it for home also.” N. Zs.

„I WAS PLEASED AT THIS OPPORTUNITY AND I LEARNT A LOT OF NEW THINGS.” K. A.

„It is so good that the net is just speeding like this. We looked at the test, it was going at 6 megas. Long last speeding on the internet is possible even from our village. My parents are still thinking about it, but maybe I can convince them to have a home internet.” T. I.

„The program was good, let it get repeated. We would like to have the internet at home also.” K. B.

„We had a really good game. You really can have everything with the help of the internet, you only have to find the places. We usually use the Internet at school, but we also have a TeleHouse. There is no cable TV in the village; it would be nice to watch TV through the internet. It is really something.!” Zsuzsi

Locations, 2007.

Somogymeggyes

Number of inhabitants: 624

Employment: agriculture

Date of event: 2007.10.13.

Place: Állomás u. 3.

Number of local knowledge procurers: 35 people

Number of volunteer helpers: 2 people (Magyar Telekom employees)

Opinions about the event:

„My daughter and her family bought a computer for us so that we can write mails to and chat with each other. Now we are learning about the Internet, which has only become recently accessible in our village. We find it a very good and useful facility.” K.I.

„Earlier we had a less powerful Internet access, but now it has become more useful, as it has become quick and we can find a lot of things. I have had a computer for a long time now, but I am only now getting acquainted with the net. We discussed things about sending mails during the program.” F.I.

„I know the Internet and I am happy I have had a chance to try it!!!!” Cs. Á.

„It was good to have you here. We have been given a lot of help. Thank you.” V.D.

„So far we have had only the dial-in Internet, and now we have had a chance to get acquainted; we do thank our Mayor and t-com employees.” F.

„Internet is really important in people's life, as one can access a great deal of useful information. The presentation was very good and the lecturers possess real professional skills. They offered people a massive body of useful information.” K.Sz.
